

YEOH SHAN

IT SUPPORT | SYSTEM SUPPORT | BUSINESS ANALYST

016-4077475 yeoh.shan801@gmail.com Bayan Lepas, Pulau Pinang

Professional Summary

Graduate with a Bachelor of Information Technology (Honours) in Internet Technology from TARUMT, with hands-on experience in IT support, troubleshooting, Windows device deployment, software installation, and Microsoft 365 administration. Strong analytical and problem-solving skills developed through internship experience and academic projects, with an interest in IT support, business systems, data analysis, and process improvement. Eager to apply my technical and analytical skills while continuously learning and growing in a collaborative technology-driven environment.

Work Experience

OneX Team Engineer (Intern)

Pentech Solution Sdn Bhd (PG) | Feb 2025 - Jul 2025

- Deployed and configured 220+ Windows devices using Microsoft Intune, including software installation, Windows setup, and security policy implementation.
- Resolved hardware, software, and network-related issues involving Windows devices, access points, printers, and Microsoft 365 services for internal users and clients.
- Administered Microsoft 365 user accounts, licensing, email setup, password resets, and Teams/OneDrive troubleshooting using Microsoft 365 Admin Center.
- Provided on-site IT support for PC and laptop deployment, Windows upgrades, hardware replacement, and endpoint setup while managing support requests through the Freshdesk ticketing system.

Technician

Unixpower ME Engineering Sdn.Bhd. | Mar 2023 - Jul 2023

- Installed and configured CCTV, alarm, and access control systems for commercial and residential clients.
- Performed maintenance and troubleshooting to ensure the reliability of security and surveillance systems.
- Assisted in on-site installations while following OSHA safety procedures and company standards.

IT Technician (Intern)

MindMaker Sdn.Bhd. | Oct 2021 - Jan 2022

- Prepared and configured new PCs and laptops by performing Windows setup, software installation, and system configuration for users.
- Installed and configured software for 120+ customer systems and Windows-based devices.
- Performed system diagnostics and maintenance to ensure device functionality and customer satisfaction.

Freelance Video Editor

Aug 2025 - Present

- Edited videos according to client requirements and deadlines.
- Managed multiple editing projects while maintaining attention to detail and timely delivery.
